### **Eko stočar d.o.o. , Croatia**

*“We needed software for the entire business, and other software on the market is not adapted for this type of production. PANTHEON Farming provides us with everything we need.”*

**Mrs. Anka Beljo, Eko stočar d.o.o.**

- 1. How big is your farm, how many people work there and how long has it existed?**  
We have 6 employees, 900 pigs, 250 sheep, 6,000 heads of poultry and 190 hectares of arable land. We've existed since 2011.
- 2. Where do you sell your products? How do you market them?**  
We sell our products through the store chain BOSO d.o.o., with which we are connected by ownership.
- 3. Why did you decide to buy/lease PANTHEON Farming?**  
We needed software for the entire business, and other software on the market is not adapted for this type of production, agriculture. PANTHEON Farming provides us with everything we need.
- 4. What kind of benefits did you expect of the program?**  
To have better control over production and our business and to have all related information in one place.
- 5. How would you describe your experience with PANTHEON Farming?**  
We are pleased with PANTHEON Farming, it has everything we need. It is very intuitive and gives you a great overview. At the beginning we needed beginner training and after that it was easy.
- 6. Did you attend any training? Was it a challenge to start using the program?**  
Yes, we had a short course for PANTHEON Farming at the beginning.
- 7. Would you recommend PANTHEON Farming to a friend, neighbor or another farm? Why?**  
Yes, of course. Because it helps you track production.
